Mr. Richard Kramer
Attention: Creekside Village Project
PO Box 594
Seaview, WA 98644

RE: **Administrative Order No. 7717** for placement of fill within isolated wetlands,
Clark County, Washington (U.S. Army Corps of Engineers Reference No. NWS-2008-371-CRS)

Dear Mr. Kramer:

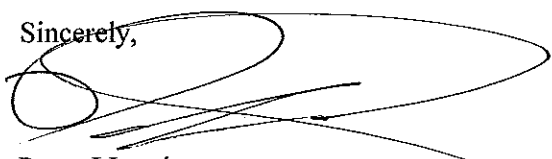

On May 14, 2010, the Department of Ecology (Ecology) issued an administrative order for proposed work in isolated wetlands to construct the Creekside Village Project on a 12-acre development site located at 10009 NE 219th Street, Battle Ground, WA 98604.

The Applicant provided information to the Ecology on August 23, 2014, that the owners of the property have decided to leave their property in a farm use state for now. Based on this information, Ecology is officially rescinding Order No. 7717.

If you decide to proceed with your project in the future, you must submit a new request for an administrative order (along with a current jurisdictional determination from the Corps of Engineers) to Ecology prior to any work in isolated wetlands.

If you have any questions, please call Lori Ochoa at 360-407-6926 or Rebecca Rothwell at 360-407-7273.

Sincerely,

Perry J Lund
